

REGULATIONS

1. The club's playing season for each year, covered by this agreement and all renewals hereof, shall be fixed by the West Coast Association.
2. The player agrees to keep himself, to the best of his ability, in first class physical condition, and at all times conform his personal conduct to standards of good citizenship and good sportsmanship.
3. The player, when requested by the club, agrees to submit to a complete physical examination at the expense of the club and, if necessary, to treatment by a regular physician or dentist in good standing at the player's expense. For refusal on the part of the player to submit to a complete medical or dental examination, the club may consider such refusal as a violation of this regulation and may take such action as it deems advisable, subject to the approval of the League's President. Disability resulting from injuries sustained while rendering service under this contract shall not impair the right of the Player to receive his full salary for a period not exceeding two weeks from the date of his injury, at the termination of which he may be released or continued on the salary roll. Any other disability or misconduct may be ground for suspending or terminating this contract at the discretion of the Club.
4. Notice of injury sustained by a player, while playing baseball for this club, must be served in writing upon the Club. Such notice must give time, place and cause of injury.
5. The Club will provide the Player with uniform, exclusive of shoes. Upon termination of the playing season, or release of the player the Player agrees to surrender the uniform or uniforms to the Club.
6. The Player will be furnished, during spring training, with proper board and lodging, and while traveling with the Club in other cities during spring training and playing season, with proper board and lodging, and pay all necessary traveling expenses.
7. For violation by the player of any rule or regulation, the Club may impose a reasonable fine and deduct the amount thereof from the Player's salary, or may suspend the Player without salary at the discretion of the Club.
8. In order to enable the Player to fit himself for playing

duties, the Club may require the Player to report for practice at such place as the Club may designate, and to participate in such exhibition contests as may be arranged by the Club. The period of spring training may be fixed by the Club.

9. Any Club, member of the West Coast Association, assigning a Player's contract to another Club in the Association during the playing season shall be responsible for the Player's salary, under his contract, up to and including the day notice of such assignment is served upon him, and in addition for the number of day's travel required by the Player, if he promptly reports to the club to which his contract is assigned. The Player's salary begins the day he reports to the assignee club.
10. Any Manager, Player, Umpire or other persons connected with the Association, asserting any claim against any person or club within the Association must file an itemized statement of the same with the President of the League. Such claim must be filed within 120 days of the maturity of the claim. In the event the President fails to render a decision, or if such decision is deemed not fair, claimant may proceed to a court of competent jurisdiction for further satisfaction.
